Profile overview

Drew brings almost a decade of human capital experience spanning executive search and interim management, together with substantial experience building project teams for high-impact consulting engagements.

Prior to joining GlassRatner, Drew was an Executive Delivery Consultant for a global executive search and recruitment firm focused on serving Private Equity clients and their portfolio companies. He previously spent over five years with an innovative management consulting firm leveraging independent consultants, where he designed projects and built teams for F1000 companies and PE clients.

Select client experience
